DISTRICT HEATING
MAKES YOUR HOUSE
MORE WORTH

IT PAYS TO BE
GREEN

The district heating is on its way to Vandel with cheap and green heating. We want to make it easy for you to make the decision to replace your old gas or oil boiler with district heating. Therefore we can offer 4 different settlement methods that you can choose from.

We take care of the following with all 4 settlement methods:

- Establishment of branch line, installation and unit. You are then fully running with both the hot domestic water and the heat in your home.
- Interruption and dismantling of existing facilities.
- Disassembly of electrical connection, completed by the nearest contact.
- Connection to the district heating network and the work of getting a branch line led into the house.
- Plumbing work inside the house and installation of a district heating unit.

You must take care of:

- Re-establishment of utility room/boiler room, as well as your roof after the chimney stone.
- Possibly. purchase and connection of a domestic water pump.

SETTLEMENTMETHOD 1

You pay the connection for district heating over your heating bill.

Yearly settlement:

Unit subscription	1.200 kr.
Connection fee	2.000 kr.
Vandelcontribution	1.300 kr.
Yearly	4.500 kr.

In addition to this, comes your yearly heat consumption.

We take care of service and the maintenance of your unit as well as any replacement.

The connection- and Vandelcontribution of 3,300kr. yearly, has a term of 20 years.

NB: The Vandelcontribution of 1,300kr. yearly is an write-down on the supply line to Vandel and has a term of 20 years.
